CALL FOR APPLICATION TO REVIEW THE CURRICULUM OF MASTER OF SCIENCE IN HEALTH INFORMATICS

Kigali Health Institute runs the Master of Science in Health Informatics (MSc HI) degree programme under the auspices of the Regional e-Health Centre of Excellence which is based in KHI. The MSc HI programme started in 2011 as an evening programme whereby students attend training sessions after work.

1. Purpose of the Review of the MSc in Health Informatics Curriculum

The overall objective of the review of the curriculum after about three years of implementation is to ensure that observed challenges and areas that need improvement or replacement are addressed before the third intake of the students is admitted. The reviewed curriculum is expected to address the practical issues of Health Informatics in Rwanda and in the Region.

2. Scope of the Curriculum Review

The Curriculum Reviewer’s roles shall include but are not limited to the following:

i. To consult with the stakeholders in Rwanda to gather information on actual needs of Health Informatics

ii. Share the information with KHI staff in a workshop involving some external stakeholders and then start to review the competent based curriculum collaboratively with the KHI staff

iii. Present the draft curriculum to KHI meeting before calling for a validation workshop

iv. After incorporating the inputs from KHI call for the validation workshop

v. Incorporate the input from the validation workshop and submit the curriculum

3. Curriculum Review Output

The Curriculum Review output shall be the Reviewed curriculum in English, in KHI format and incorporating all aspects of the programme specification as required by the National Council for Higher Education (NCHE) of Rwanda including the resources required of staff and materials as well as the budget to run the programme until one intake graduates.

4. Schedule of Work

Curriculum Review Exercise shall last from Tuesday 1st to 31st October 2013

5. Profile requirements for the Curriculum Reviewer

i. Have developed or reviewed higher education curriculum

ii. An expert in Health Informatics higher education teaching, applications, and research.

iii. Be affiliated with an academic institution

iv. Have a Masters and/or PhD degree(s) in health Informatics

6. Documents required from Curriculum Review applicant

The following documents shall be required for the procurement process:

1. Certified copy of academic documents,

2. Updated Curriculum vitae

3. Original or certified copy of the Rwanda Social Security Funds certificate

4. Original or certified copy of the tax clearance certificate from RRA

5. Evidence of similar Reviews executed (one copy of certificate of good completion)

6. Three referees in senior managerial/Academic positions

7. Application Deadline: The deadline for the receipt of applications is Monday 16th September, 2013 16h00 local time. Applications found to be incomplete or which arrive after the deadline will not be considered.
